

Plagiarism Detection

Standard Brightspace Plagiarism Procedure

- Create an Assignment
- Go To Plagiarism Checker option in assessments menu
- Turn on Plagiarism Check button beside assignment you want
- This will do an automatic plagiarism check
- When you publish feedback to student this plagiarism report will be available

Go to Plagiarism Detector in Assessment Menu

Turn on Plagiarism Detector For the appropriate Assignment

Assignment Overview

Submission Folder Name	Number of Documents Submitted	Number of Documents Analyzed	Last Updated	Due Date	Receiver Account	Turn On/Off Plagiarism Detection
 Assignment 1	8	8	Dec 3, 2019 6:46 PM	-	630.dit@analysis. urkund.com	<input checked="" type="checkbox"/>

Go to Assignments

Under the users Tab of the Assignments menu

- Click Publish Feedback option

 Download

 Email

 Mark as Read

 Mark as Unread

 Delete

 Publish Feedback

Issues with this Scenario

- You might want to do a plagiarism check before you submit work for evaluation as is the case with the projects
- This option ties all evaluation feedback and plagiarism together
- You may not want to publish feedback other than plagiarism until you are ready

One possible solution

- Create a Dummy Plagiarism assignment separate to the assignment which allows for multiple submissions
- Set up the Plagiarism Check on this Dummy Assignment
- Set the submission time to precede the Deadline for the original assignment
- Publish all feedback on this Plagiarism Check Dummy Assignment

To Allow multiple submissions When Creating Dummy Assignment

- Make sure the unlimited files option is clicked and that the all submissions options are kept option is clicked

Files Allowed Per Submission

- Unlimited
 One file

Submissions

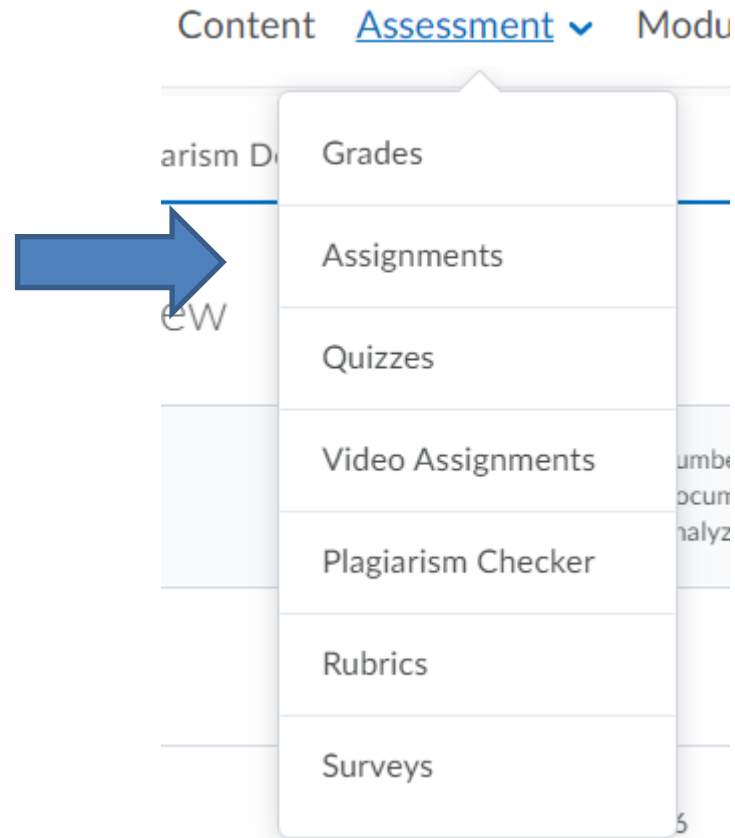

- All submissions are kept
 Only the most recent submission is kept
 Only one submission allowed

Turn on Plagiarism Detector For the Plagiarism Check Dummy Assignment

Assignment Overview

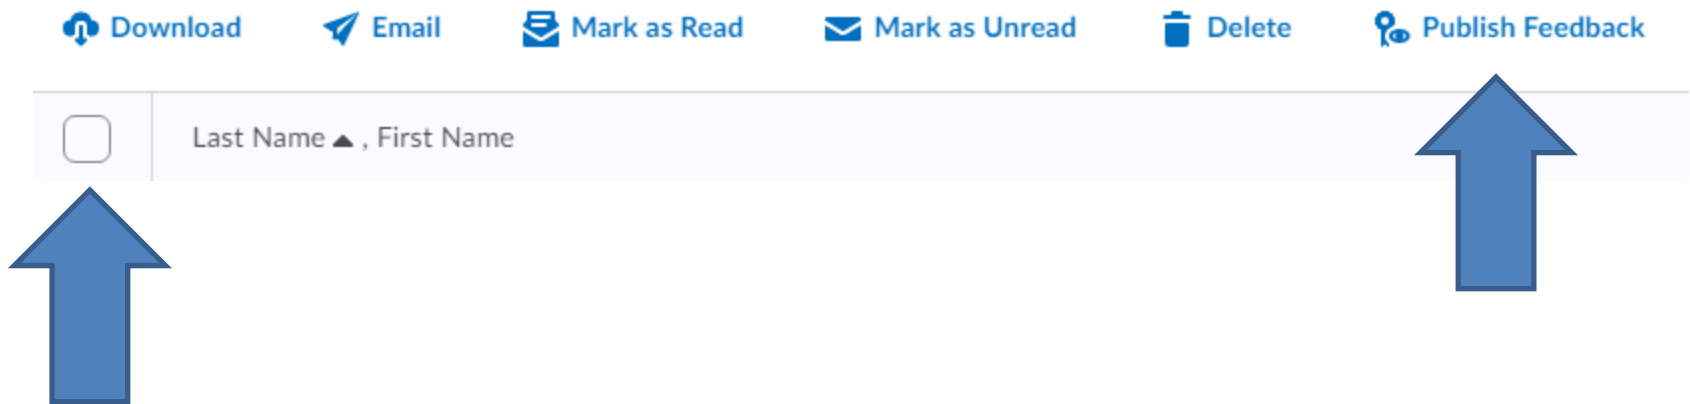

Submission Folder Name	Number of Documents Submitted	Number of Documents Analyzed	Last Updated	Due Date	Receiver Account	Turn On/Off Plagiarism Detection
 Assignment 1	8	8	Dec 3, 2019 6:46 PM	-	630.dit@analysis. urkund.com	<input checked="" type="checkbox"/>

Go to Assignments

Selecting all submissions for publishing feedback

- Tick the Box in left hand corner to select all submitted assignments and then Publish Feedback

Major issue with this

- The publish all feedback option is only available when assignments have been submitted
- It has to be manually ticked by you when assignments have been submitted
- You cannot tick it beforehand
- Not sure what happens if you tick it and assignments are submitted afterwards you might have to go in and re-tick it
